# May I include output from SCREEN View in my paper or report?

Authors can use screen captures and output from SCREEN View when preparing papers or reports of their work. Lakes Environmental requests that the author cite SCREEN View when publishing as below:

**Lakes Environmental, <copyright year>, SCREEN View - Air Dispersion Model, Waterloo, Canada - url: http://www.weblakes.com**

An SCREEN VIew reference entry in BibTeX for LaTeX is shown below:

```
@Manual{,

  author = {{Lakes Environmental Software}},
  organization = {Lakes Environmental Software},
  address = {Waterloo, Ontario},
