

General

May I include output from Percent View in my paper or report?

Authors can use screen captures and output from Percent View when preparing papers or reports of their work. Lakes Environmental requests that the author cite Percent View when publishing as below:

Lakes Environmental, <copyright year>, Percent View - Air Dispersion Model, Waterloo, Canada - url: <http://www.weblakes.com>

An Percent View reference entry in BibTeX for LaTeX is shown below:

```
@Manual{,  
  title = {Percent View - Air Dispersion Modelling},  
  author = {{Lakes Environmental Software}},  
  organization = {Lakes Environmental Software},  
  address = {Waterloo, Ontario},  
  year = {2014},  
  url = {http://www.WebLakes.com/},  
}
```
